8. Once that change occurred, M.L. saw Respondent approximately twelve (12) more times in 2020 for therapy, and one more time in 2021.
9. Since that one visit in 2021, M.L. has not seen Respondent for therapy.
10. M.L. would always meet Respondent for therapy at Respondent's office in St. Albans, VT.
11. At M.L.'s first therapy session, Respondent had an acquaintance who was "hanging around" Respondent's office during the session.
12. When the session was over, this acquaintance offered M.L. a beer, which M.L. found to be very strange as he was seeking therapy to address alcohol addiction.
13. At some point during that visit, Respondent told M.L. that she did not believe in alcoholism and that they would be working to find out why M.L. was drinking as much as he did.
14. Early on in their professional relationship, during a therapeutic session, Respondent asked M.L. if he would like a drink.
15. M.L. did not want to drink the alcohol that Respondent was keeping in her office, so on subsequent visits, he brought his own.
16. M.L. kept alcohol in Respondent's office (with her knowledge) so that it would be available for him to drink during therapeutic sessions.
17. Sometimes, if M.L. was Respondent's last client of the day, Respondent would drink alcohol with M.L. during his therapeutic sessions.
18. Once, M.L. and Respondent walked to a nearby bar called "Twigs" and conducted M.L.'s therapeutic session there.
19. After about a year of allowing M.L. to drink alcohol during therapy sessions and sometimes drinking alcohol with M.L. during therapy session, Respondent told M.L. that they would have to "put an end to" drinking alcohol during therapeutic sessions, expressed concern that it may cause her to lose her professional license, and said "we need to start working now," or words to that effect.
20. At some point in their professional relationship, Respondent started telling M.L. that she "loved" him.
21. Even after Respondent stopped drinking alcohol with M.L. during therapeutic sessions, Respondent continued to discuss personal matters with M.L. such as her sexual relationship with her husband, camping trips, burlesque shows, and friends she was hanging out with.

28. T.C. saw Respondent for therapy related to a recent breakup that was particularly difficult.
29. T.C. specifically chose Respondent for therapy sessions, as Respondent was offering in-person sessions during the COVID-19 pandemic.
30. T.C. realized during her initial phone call to set up her first therapeutic session, that Respondent had seen T.C.'s ex-boyfriend as a therapy client to assist him in dealing with breaking up with T.C.
31. During their first therapy session, T.C. mentioned her ex-boyfriend's name to Respondent who laughed, stated that she remembered him and that he was not a client anymore.
32. During a therapy session, T.C. told Respondent that her ex-boyfriend was supposed to be seeing a therapist to discuss his infidelity.
33. In response, Respondent made specific statements that T.C.'s ex-boyfriend had not made any statements about infidelity during his therapeutic sessions with Respondent.
34. Respondent also disclosed to T.C. that her ex-boyfriend owed Respondent a lot of money for co-payments related to his therapy sessions with Respondent.

To avoid delay, uncertainty, inconvenience, and the expense of protracted litigation, the parties enter this full and final Stipulation pursuant to these Understandings and the Order below. Respondent does not contest that the State has evidence which, if believed by the fact finder, may establish by a preponderance of the evidence that s/he engaged in the alleged misconduct.
49. Respondent agrees the conditions below are necessary to protect the public.
50. Respondent understands that the ALO must review and accept the terms of the Consent Order. If the ALO rejects any portion, the entire Stipulation and Consent Order shall be null and void.
51. Respondent specifically waives any claims that any disclosures made to the ALO during their review of this agreement have prejudiced Respondent's rights to a fair and impartial hearing if this agreement is not accepted by the ALO and proceeds to a contested hearing.
52. Respondent has read and reviewed this entire document and agrees that it contains the entire agreement between the parties.
53. Respondent is not under the influence of any drugs or alcohol at the time Respondent signs this Stipulation and Consent Order.
54. Respondent voluntarily enters into this agreement after the opportunity to consult with legal counsel and is not being coerced by anyone into signing this Stipulation and Consent Order.

56. Respondent agrees that the Order set forth below may be entered by the ALO.

ORDER

Based upon the above stipulation, it is **ORDERED AND ADJUDGED** as follows:

- A. Respondent's LICSW license is hereby **REPRIMANDED**.

2. Length of Time Conditions Imposed: The conditions shall remain in place until Respondent has completed all conditions as ordered. Respondent shall be subject to the conditions until Respondent completes a **minimum of eighteen (18) months** of LICSW practice in which she works at **least eighty (80) hours** every two (2) weeks as a LICSW. Part time hours of fewer than eighty (80) hours every two (2) weeks shall be credited on a prorated basis. Respondent shall be prohibited from working as a LICSW for more than forty (40) hours per week during the conditioned period.
3. Required Coursework: Respondent shall, within ninety (90) days following the entry of this Order, at his own expense, complete ten (10) hours of pre-approved online courses, which must include education on ethics, boundaries, dual relationships, and ethical considerations while practicing in a small community. For pre-approval, Respondent must submit to the Case Manager the name of each course, the name of the sponsoring organization, and a description of the course content and/or syllabus. Respondent must achieve a passing score on the post-tests for the courses, and submit test results, workbooks completed in full and in a satisfactory manner, and certificates of completion to the Office of Professional Regulation.

Failure to complete the courses within the prescribed timeframe shall constitute a violation of this Order. The coursework may not be counted toward any continuing education requirement of licensure.

4. Notification to Employers/Program Director: Respondent shall provide a copy of this Stipulation and Consent Order to all employers in any current or future setting in which Respondent practices as a LICSW and inform them of Respondent's conditional license status. Within ten (10) days of the date of entry of this Consent Order or of any subsequent mental health employment, Respondent shall cause Respondent's immediate supervisor to submit to the Case Manager for approval an employer agreement form, acknowledging receipt of the Stipulation and Consent Order and the ability to comply with the conditions in the Consent Order.
5. Reports from Employers/Program Director: Within one (1) month of the date of this order or within one (1) month of commencing employment in a work setting other than his solo private practice and **monthly** thereafter, Respondent shall cause every employer Respondent has worked for during the month to submit an evaluation of Respondent's work performance and attendance during that month. These reports shall be submitted in writing on forms issued or approved by the Enforcement Case Manager and shall indicate satisfactory performance and attendance.
6. Supervision: Respondent must have general supervision of her practice by a pre-approved LICSW licensed in Vermont or other pre-approved licensed mental health practitioner, who must be in good standing with the State of Vermont.

In the event Respondent is not employed by an agency that can provide such supervision, Respondent shall, at her own expense, engage a pre-approved supervisor ("Supervisor"), who is a Vermont-licensed LICSW, PhD Psychologist or other licensed and pre-approved mental health practitioner, to provide supervision regarding profession-specific issues or concerns that arise in Respondent's practice, bearing in

mind rules and regulations regarding patient privacy. Supervision must include discussions about transference/countertransference, particularly with challenging and/or long-term clients, as well as the therapeutic rationale for various clinical decisions, such as continuing treatment with a client long-term, frequency of sessions, meeting with a client outside of the office, self-disclosure, ethical boundaries and other ethical and clinical issues. Respondent's consultation with his Supervisor shall take place no less than once per week by videoconference (or similar) or in person. The pre-approved Supervisor shall provide monthly reports identifying when each supervision meeting occurred, how long it lasted, and generally identifying the profession-specific issues discussed. The Supervisor shall also report any ethical violations, boundary transgressions, or other practice issues or concerns. Respondent shall be responsible for locating a Supervisor and sending the name, contact information, credentials and curriculum vitae of the proposed mentor to the Enforcement Case Manager as part of the pre-approval process.

7. Out-of-State-Practice. Before any out-of-state practice can be credited toward fulfillment of these terms and conditions, Respondent shall first obtain approval prior to Respondent practicing as a LICSW outside the State of Vermont. If Respondent fails to receive such approval before practicing as a LICSW outside the State of Vermont, none of the time spent practicing out-of-state will be credited toward the fulfillment of the terms and conditions of this Consent Order. Approval will be given for out-of-state LICSW practice if the Director of Professional Regulation, in his or her sole discretion, finds that Respondent's planned out-of-state practice does not compromise the supervisory or protective purposes of this Stipulation and Consent Order.
8. Notification of Place of Employment/Personal Address/Telephone Number. Within five (5) days of the date of entry of this Consent Order, Respondent shall notify the Office of Professional Regulation, in writing, of his current place of employment, personal address, and telephone number, as well as the name of any mental health educational programs in which he is enrolled. Respondent shall further notify the Office of Professional Regulation, in writing, within forty-eight (48) hours of any change in employment, personal address, or telephone number.
9. Notification to Other States. In the event Respondent is licensed in a mental health profession in any other state(s), he must inform the licensing Board of the state(s) in which Respondent is licensed of the conditional status of his Vermont LICSW license within thirty (30) days of the date of entry of this Order. If Respondent fails to provide such notification, it will be considered a violation of this Order.
10. License Renewal. If Respondent's license expires while this Order is still in effect, this Order does not automatically extend the license. In that situation, in order to continue to practice as a LICSW, Respondent must timely apply for renewal, pay the applicable fee and demonstrate that he has otherwise complied with the requirements for license renewal.
11. Costs. Respondent shall bear all costs of complying with this Consent Order.

If a complaint of unprofessional conduct is made against Respondent during the term of this Order, this Order shall be automatically extended until the unprofessional conduct matter is concluded.

13. Completion of Conditional License Period. After the minimum conditional license period and completion of the required coursework, Respondent may petition to remove any or all conditions on his license. Respondent must present proof that he has fully complied with the terms of this Order.

C. Notwithstanding any provision above, Respondent must continue to meet all requirements to maintain a LICSW license, for license renewal, and for license reinstatement.

D. This Stipulation and Consent Order is a matter of public record and may be reported to other licensing authorities as provided in 3 V.S.A. §129(a).
