PROBATION

6. Respondent's license to practice professional counseling in the State of Colorado is hereby placed on probation for two (2) years commencing from the effective date of this Order or the date Respondent's practice monitor is approved, whichever date is later. During the probationary period, Respondent shall be bound by the terms and restrictions set forth in this Order.

7. The period of probation is tolled during any time that Respondent is not practicing in this state, and such period of probation shall resume at such time as Respondent resumes practicing in the State of Colorado in accordance with this Order.

8. Credit toward the period of probation will be given only for the period of time during which Respondent is practicing as a LPC in Colorado, is being monitored by a practice monitor, and is in full compliance with all terms of this Order.

9. If, at the end of the probationary period, Respondent has adhered to all terms and conditions of this Order, Respondent may request termination of probation. Request for termination of probation must be made in writing to the Board, and Respondent is responsible for establishing, to the satisfaction of the Board, that she has satisfied all terms and conditions of probation.

PRACTICE MONITOR

10. During the term of probation, Respondent's practice shall be monitored by a practice monitor. Within 30 days of the effective date of this Order, Respondent shall submit, in writing, up to three (3) proposed practice monitors for the Board's approval. Respondent shall include a program-approved practice monitor application from each potential monitor, with attached curriculum vita or resume. The practice monitor shall meet the following criteria:

a. The practice monitor shall be a licensed, certified, or listed, currently practicing mental health provider in the State of Colorado;

b. It is recommended that the practice monitor have a minimum of five (5) years of experience and has not been subject to professional discipline; and

c. The practice monitor shall have no current or past financial or personal interest in Respondent or Respondent's practice. Former employees and business associates fall under this provision.

11. Respondent must have a practice monitor approved by the Board within two (2) months of the effective date of this Order. If this requirement is not satisfied, Respondent must cease practice and agrees to suspension of her practice until a practice monitor is approved.

12. After the Board's written approval of the practice monitor, Respondent and the practice monitor shall enter into a written contract for monitoring within thirty (30) days. If this requirement is not satisfied, Respondent must cease practice and agrees to suspension of her practice until the written contract for practice monitoring is executed. The practice monitor shall provide a copy of the written contract to the Board as a part of his/her first report to the Board. The contract must contain a provision stating that the practice monitor has received a copy of this Order, the complaint and responsive documents, any investigative report, and any prior practice evaluation; has read these documents; and understands the duties and responsibilities s/he is undertaking as Respondent's practice monitor. The practice monitor shall ensure that a written notification is provided to each of Respondent's clients, informing the clients of the name, address, and telephone number of the practice monitor. This written notification may be provided in a mandatory disclosure statement.

13. During the first month of practice monitoring, the practice monitor's first meeting with Respondent shall be conducted face-to-face/in-person, shall include a practice evaluation, and may not be conducted remotely. The practice evaluation shall examine all aspects of Respondent's practice or proposed practice and her qualifications and ability to practice in accordance with generally accepted standards of practice and with skill and safety for clients, and determine whether she has the necessary qualifications, current ability, and competence to practice. The first practice monitoring report shall include the findings of the practice evaluation.

14. Should the Board determine from the practice monitor's evaluation that Respondent cannot practice any part of her practice with skill and safety for clients in accordance with generally accepted standards of practice or does not have the appropriate qualifications, ability or competence for practice, Respondent shall immediately cease any part of the practice that the Board determines, based on the evaluation, she is not qualified, competent, or safe to conduct. Based on the Board's findings and the evaluation, the Board will determine necessary actions that Respondent must take and conditions Respondent must meet so that Respondent can practice with skill and safety for clients in accordance with generally accepted standards of practice in any areas the Board finds Respondent is not qualified,

competent, and safe to practice. Once Respondent satisfies the Board that she is qualified, competent, and safe to fully practice, Respondent may resume full practice.

15. With the exception of the first meeting between the practice monitor and Respondent, practice monitoring may be conducted remotely (not face-to-face/in-person), with each session occurring for one (1) hour, or such longer time as the practice monitor deems necessary, for every twenty (20) hours of client contact, but at least once every two (2) months for the first year of probation, then every third month (i.e. on a quarterly basis) until the practice monitoring is completed. Respondent and her practice monitor must review and discuss each of Respondent's active cases at least once every two (2) months for the first year, and at least once every three (3) months after the first year, in order to allow the practice monitor to be able to determine whether Respondent is practicing professional counseling in accordance with generally accepted standards of practice and with skill and safety for her clients. The practice monitor and Respondent shall identify and address issues that involve ensuring their communication includes confidentiality and computer/cyber security.

16. The practice monitor shall submit a written report to the Board on the fifth day of the month following the first full month of practice monitoring. All subsequent reports shall be submitted on the fifth day of each month for the first twelve (12) reports. After the submission of the first twelve (12) reports, unless otherwise ordered by the Board, the practice monitor shall submit his/her reports by the fifth day of every third month (i.e. on a quarterly basis) until the practice monitoring is completed.

17. If at any time the Board has questions or concerns regarding the monitoring, the practice monitor agrees to attend any Board meeting necessary to address the Board's concerns. The Board will give the practice monitor 30 days of notice prior to requiring the practice monitor's attendance at the Board meeting.

18. If at any time the practice monitor believes Respondent is not in compliance with this Order, is unable to practice with skill and safety to her clients, or has committed a violation of the practice act or rules and regulations, the practice monitor shall immediately notify the Board, in writing, and include the basis for this conclusion. A copy will be sent to Respondent. Upon submission of such a report, Respondent shall immediately cease the practice of professional counseling.

19. Respondent shall make every effort to ensure that all reports by the practice monitor are complete and timely submitted to the Board. If, in the Board's judgment, the practice monitor fails to perform the function specified by this Order, the Board may require that a new practice monitor assume the responsibilities herein. If for any reason the practice monitor ceases to perform the functions specified in this Order, Respondent shall submit, in writing, a new proposed practice monitor to the Board within 30 days.

20. Respondent or the practice monitor may terminate the monitoring relationship upon written notice to the other and to the Board not less than 60 days before the date of termination. The notice shall state the reason for the termination. Respondent shall immediately initiate efforts to obtain another Board-approved practice monitor, who shall conduct her/his monitoring and report to the Board in accordance with this Order.

To successfully complete the program, Respondent must receive a passing evaluation or grade, without any condition or qualification. Upon completion of the program, Respondent shall ensure that a certificate/letter of completion is provided to the Board. If Respondent fails to register for and successfully pass the next available the ProBE program in Colorado, Respondent must cease practice and agrees to suspension of her practice until she successfully passes the ProBE program. These program hours completed pursuant to this section shall be required in addition to, and may not be counted toward, the mandatory Continuing Professional Development requirements for an active Colorado license or to meet any other licensure requirements.

22. During the period of probation, Respondent must successfully complete twenty (20) hours of Board-approved professional continuing education ("CE") courses in the areas of HIPAA and confidentiality. Respondent shall obtain Board approval of the courses prior to enrolling in each course. Upon completion of a course, Respondent shall ensure that a certificate of completion is provided to the Board. These hours of CE completed pursuant to this section shall be required in addition to, and may not be counted toward, the mandatory Continuing Professional Development requirements for an active Colorado license or to meet any other licensure requirements.

31. Respondent acknowledges and agrees that any violation of this Order shall constitute a violation of a lawful Board Order and be grounds for further proceedings pursuant to the Mental Health Practice Act and, if proven, may constitute a basis for further disciplinary action. The pendency of any disciplinary action shall not affect the obligation of Respondent to comply with the terms of this Order, and this Order shall remain operative and in full force and effect.
