Re: License Numbers: ACD.0000532 and LPC.0012536
Case Number: 2022- 2351 and 2022-2357

Dear Anand Draper Sethi,

The State Board of Addiction Counselor Examiners and the State Board of Licensed Professional Counselor Examiners (the "Boards") have concluded its' inquiry into the aforementioned matter. It was the Boards' decision not to commence with formal proceedings against your professional licenses. However, the Boards did determine disciplinary action in the form of this letter of admonition is warranted, pursuant to section 12-245-225(1)(a), C.R.S.

Pursuant to section 12-245-224(1)(f)(I), C.R.S., the Boards admonish you for failing to notify your licensing boards of the Stipulation you entered into with the Board of Nursing on March 29, 2022, for case number 2021-1814.

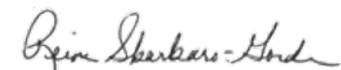

By this letter, the Boards takes the formal disciplinary action of admonishing you for the conduct specified above, and warns you that repetition of such practice may lead to imposition of more severe disciplinary action. This letter is an open public record and a reportable action to individuals or entities requesting disciplinary information. The Boards strongly encourage you to review and understand the Mental Health Practice Act requirements and obligations for the practice of addiction counselors and licensed professional counselors in Colorado.

A Letter of Admonition, when accepted, becomes a permanent, public portion of your record. It is not, however, a restriction on your practice as an addiction counselor and a licensed professional counselor.
