RE: Complaint Filed by CS and SS
Case #s 2005-003035 & 2005-002983
Letter of Admonition

Dear Mr. Blue:

At its meeting on March 16, 2007, the Colorado Board of Licensed Professional Counselor Examiners (Board) and on March 30, 2007, the Division Director for the Colorado Addiction Counselor Program reviewed the available material concerning the complaint filed against you by CS and SS.

After thorough review and discussion, the Board and Division Director found probable cause to believe you violated CRS 12-43-222(1)(g), and issued this Letter of Admonition in accordance with CRS 12-43-224(3)(d). Specifically, the Board and Division Director determined:

- You communicated with a victim through a client and failed to ensure that all files had current re-offense prevention plans.

The Board and Division Director acknowledge the difficult circumstances under which you took over as the domestic violence treatment provider for a small rural community to include the abrupt manner in which the prior treatment provider left the community and the lack of information with regard to approximately 30 transferred clients. Nonetheless, as you acknowledge, you are responsible for compliance with all standards for treatment with court ordered domestic violence offenders.

On the basis of the above, the Board and Division Director hereby admonishes you and warns you that repetition of such practice may lead to imposition of more severe disciplinary action. This letter is an open public record and a reportable action to individuals or entities requesting disciplinary information. The Board and Division Director strongly encourages you to review and understand the Mental Health Practice Act and all requirements for the practice of addiction counseling/psychotherapy in Colorado.

It is the Board and Division Director's understanding that you hereby accept this letter of admonition and waive any right to appeal pursuant to CRS 12-43-224(3)(d), (2006).

Sincerely,

Gayle D. Fidler
Program Director
