Re: Case No. 2013-3717. (LPC)

Letter of Admonition

Dear Mr. Meltzer:

On November 7, 2014, the State Board of Licensed Professional Counselors Examiners (Board) reviewed the available material concerning the above referenced case. After thorough review, the Board found probable cause to believe you violated C.R.S. §12-43-222(1)(b), (1)(g), and Rule 16, and issues this Letter of Admonition in accordance with C.R.S. §12-43-224(3)(d).

The Board determined that you completed intake assessments, client history, symptoms forms, and completed mandatory disclosure forms. After one session where you tried therapeutic intervention it was determined that the clients would not continue working with you. You then destroyed the completed disclosure forms, treatment notes, and some of the forms you had the clients complete.

By this letter, the Board takes the formal disciplinary action of admonishing you for the conduct specified above, and warns you that repetition of such practice may lead to imposition of more severe disciplinary action. This letter is an open public record and a reportable action to individuals or entities requesting disciplinary information. The Board strongly encourages you to review and understand the Mental Health Practice Act requirements and obligations for the practice of counseling in Colorado.

This letter is the final Agency Action in this matter.
