Re: Case No. 2016-4480, (LPC)
License # 2810
Letter of Admonition

Dear Ms. Newland:

On November 3, 2017, the State Board of Licensed Professional Counselors Examiners (the "Board") reviewed the available material concerning the above-referenced case. After thorough review, the Board found probable cause to believe you violated section 12-43-214(1)(b)(I), C.R.S., and issues this Letter of Admonition in accordance with section 12-43-224(3)(d), C.R.S.

The mandatory disclosure statement signed by the client was outdated and failed to include an explanation of the levels of regulation applicable to mental health professionals and the differences between licensure, registration, and certification, including the educational, experience, and training requirements applicable as required by the 2011 amendment to section 12-43-214, C.R.S.

By this letter, the Board takes the formal disciplinary action of admonishing you for the conduct specified above, and warns you that repetition of such practice may lead to imposition of more severe disciplinary action. This letter is an open public record and a reportable action to individuals or entities requesting disciplinary information. The Board strongly encourages you to review and understand the Mental Health Practice Act requirements and obligations for the practice of counseling in Colorado.
