Once respondent satisfies the Board that he has taken the appropriate actions and met the conditions so that he is qualified, competent, and safe to fully practice professional counseling and psychotherapy he may resume the full practice of professional counseling and psychotherapy.

e. The practice monitoring shall be conducted as follows:

(i) Respondent's practice monitor shall monitor all of his cases. The practice monitoring shall consist of individual face-to-face contact between respondent and his practice monitor that occurs for one hour or such longer time as the practice monitor deems necessary for every twenty hours of client contact,

During practice monitoring meetings, respondent and his practice monitor must review and discuss each of respondent's active cases at least once each month to allow the practice monitor to determine whether respondent is practicing professional counseling and psychotherapy in accordance with generally-accepted standards of practice and with skill and safety for his clients.

(ii) The practice monitor is authorized to examine and shall examine such client records and case files maintained by respondent as the practice monitor or the Board deems appropriate and necessary to determine whether respondent is practicing professional counseling and psychotherapy in accordance with generally-accepted standards of practice and with skill and safety for his clients.

(iii) The practice monitor shall report the results of monitoring to the Board in writing and send a copy of each report to the respondent. The practice monitor must submit her/his first report on the fifth day of the month following the first full month of practice monitoring. The practice monitor shall provide a copy of that written contract to the Board as part of her/his first report to the Board. The contract must contain a provision stating that the practice monitor has received a copy of this order and of the Board's file; has read these documents; and understands the duties and responsibilities s/he is undertaking as respondent's practice monitor. (iii) The practice monitor shall report the results of monitoring to the Board in writing and send a copy of each report to the respondent. The practice monitor must submit her/his first report on the fifth day of the month following the first full month of practice monitoring. The practice monitor shall submit subsequent reports on the fifth day of each month thereafter (i.e. on a monthly basis) for the first 12 reports. The practice monitor shall provide a copy of that written contract to the Board as part of her/his first report to the Board. The contract must contain a provision stating that the practice monitor has received a copy of this order and of the Board's file; has read these documents; and understands the duties and responsibilities s/he is undertaking as respondent's practice monitor. The practice monitor shall assure that a written notification is provided to each client informing the client of the name address and telephone number of the practice monitor. This written notification may be provided in a mandatory disclosure form. The practice monitoring reports shall acknowledge that such written notification has been provided to each client.

(v) If, at any time, the practice monitor is of the opinion that respondent is not practicing professional counseling and psychotherapy in accordance with generally accepted standards of practice or has a condition which renders him unable to treat clients with skill and safety or which may endanger the health or safety of persons under his care, the practice monitor shall report her/his opinion and the basis for that opinion to the Board. The

practice monitor shall make that report in writing and within 48 hours of forming her/his opinion. The practice monitor shall send a copy of that report to the respondent when he/she sends the report to the Board. Once such a report is submitted respondent shall immediately cease the practice of professional counseling and psychotherapy.

(vi) Either respondent or his practice monitor may terminate the monitoring relationship on written notice to the other and to the Board not less than 60 days before the date of termination. The notice shall state the reason for the termination. In the event respondent does not have another Board-approved practice monitor prior to the termination, respondent shall cease the practice of professional counseling and psychotherapy until he obtains another Board-approved practice monitor. The new practice monitor's responsibilities shall be in accordance with this stipulation and order.

(vii) During the period of probation respondent shall not engage in the practice of professional counseling and psychotherapy without an approved practice monitor in place.

f. Respondent shall not supervise or consult with other mental health providers for the purpose of those persons providing psychotherapy, as defined in C.R.S. §12-43-201(9), or other mental health services, unless such supervision or consultation is monitored by respondent's practice monitor in accordance with the provisions of paragraph 10e.

g. Respondent shall complete at least twenty (20) hours of Board-approved professional continuing education during each year of probation. This education shall be designed to educate mental health professionals in appropriate client/therapist boundaries, dual relationship issues, family therapy, and other legal/ethical issues related to the practice of professional counseling and psychotherapy. Completion of an approved jurisprudence workshop shall be required as part of this education requirement.

h. Respondent shall not treat any client that is diagnosed with or displays symptoms that lead the respondent or his practice monitor to determine that the client's problems include issues that are beyond respondent's training, experience or competence. Should a new client seek psychotherapy services from respondent and he or his practice monitor determines (when the client initially seeks treatment or at any time after treatment is commenced) that the client has problems or treatment concerns that are beyond respondent's training, experience or competence,

practice monitor shall make that report in writing and within 48 hours of forming her/his opinion. The practice monitor shall send a copy of that report to the respondent when he/she sends the report to the Board. Once such a report is submitted respondent shall immediately cease the practice of professional counseling and psychotherapy.

(vi) Either respondent or his practice monitor may terminate the monitoring relationship on written notice to the other and to the Board not less than 60 days before the date of termination. The notice shall state the reason for the termination. In the event respondent does not have another Board-approved practice monitor prior to the termination, respondent shall cease the practice of professional counseling and psychotherapy until he obtains another Board-approved practice monitor. f. Respondent shall not supervise or consult with other mental health providers for the purpose of those persons providing psychotherapy, as defined in C.R.S. §12-43-201(9), or other mental health services, unless such supervision or consultation is monitored by respondent's practice monitor in accordance with the provisions of paragraph 10e.

g. Respondent shall complete at least twenty (20) hours of Board-approved professional continuing education during each year of probation. This education shall be designed to educate mental health professionals in appropriate client/therapist boundaries, dual relationship issues, family therapy, and other legal/ethical issues related to the practice of professional counseling and psychotherapy. 11. All time periods and obligations under the probation in this order run only while respondent is engaged in the practice of professional counseling and psychotherapy in Colorado under the monitoring of a Board approved practice monitor. They are tolled and suspended at all other times.

12.
